Pete and Chris, could you please forward the community comments received so far to Jackie and I?
Thank you,
Lynn

I am available Weds afternoon. We have information that would likely help DTSC respond to some of the questions we have seen thus far (Laurent and Heple). Although, one strategy may be to say that we appreciate the submittal of the comments and they will be responded to along with all comments received during the public comment period.

One thing that we should decide is whether we want to participate in a public meeting on the RAP on Wednesday at the CAG or not. Are we going to accept comments from the CAG on Wednesday? If so, will someone be present to facilitate the discussion?

Having a little time to provide tentative responses to the CAG may be helpful. So far we're addressing LJ Laurent, Janis Helpe, and Alan Tsao comments. Janis' responses are already drafted just waiting for public participation to input additional feedback.

I am ok with the 17th; however, I want to hear back from Peter on whether the comments being received by the Community (especially the CAG) regarding Area 40 requires us to meet prior to the CAG meeting to discuss comments to date and prep for questions at the CAG.

Subject: [EXTERNAL] Aerojet May Tech Meeting schedule

Hello, Chris, Pete, Alex.

Could we please plan to have any Area 40, IOU, or site-wide VI-related tech meetings during the day on Thurs 17 May? We have the CAG Weds night 16 May and then the Area 40 Community Meeting Thurs night 17 May.

Thanks,
Lynn
